Opportunity for Community Input on Detailed Design Features for Improvements to Britannia Beach Section of Sea-to-Sky Highway

The Sea-to-Sky Highway Improvement Project invites local residents and businesses to attend an **open house** to provide feedback on detailed design features associated with improvements to the Britannia Beach section of the Sea-to-Sky Highway.

Improvements to the highway between Horseshoe Bay and Whistler are being undertaken to improve safety and reliability. By 2009, extensive highway improvements will make travel along the highway safer and more reliable for residents, commuters and tourists.

The consultation with Britannia Beach includes gathering community feedback and input regarding community gateway signage and landscape plans.

Community feedback can be provided by attending the openhouse or by accessing consultation materials, including an on-line feedback form at: www.seatoskyimprovements.ca

Britannia Beach Open House

Date

February 27, 2007
