

**New Pullout**  
A new northbound pullout will be constructed on the east side of the highway, approximately 2 – 3 km north of the Nelson Creek Bridge. Exact location yet to be determined. It will be accessible to northbound travelers only, and have capacity for 10 cars and 2 buses.

- Modifications Since Preliminary Design Consultation**
- North Gateway Location
    - The location of the northbound Sea-to-Sky Highway gateway sign has been moved approximately 500 metres north of the originally proposed location.
  - Trailhead Parking Relocated
    - Following consultation with the District of West Vancouver it was agreed that improved parking at the Black Mountain Trailhead and Trans Canada Trailhead would provide better access for hikers to recreational trails in the area. Parking at Eagleridge Drive has been shifted to Trans Canada Trailhead near Westport Road.
  - Pullout
    - The location of the pullout has been modified during final design to allow for improved access and views. Exact location yet to be determined.

Typical Cross-Section

The highway design in West Vancouver provides improved safety, reliability and capacity by:

- Providing a four-lane divided highway through West Vancouver
- Providing widened paved shoulders to provide more room to accommodate cycling and emergency pull-offs
- Providing center median barrier to prevent head-on collisions

In addition, highway improvements will:

- Improve sightlines
- Provide smoother transitions into curves
- Generally improve the consistency and standards of driving
- Provide improved acceleration and deceleration lanes for entrances to and exits from the highway

**Additional highway safety features:**

- Highly reflective pavement parking (Rainline)
- Roadside rumble strips
- Roadside delineators to assist in keeping drivers alert and driving safely

**Bus Stops**

- The southbound bus stop will be relocated to connect with the new Pasco Road access road.
- A new northbound bus stop will be built across from the southbound bus stop.

**Gateways**

- A Northbound Sea to Sky Highway marker would be located approximately 3 km from the Nelson Creek Bridge.
- The Southbound Gateway would be located at the Municipal Boundary to West Vancouver
